

NETS Mission Trip

July 11-17 | Williston, VT

Quick Details

- **Dates:** July 11-17
- **Location:** Vermont - NETS
- **Who:** Men's trip (Fathers & sons welcome - middle school and older)
- **What:** Construction work to help the NETS ministry and churches in the area which could include: carpentry, siding repair, painting prep, painting & lots of grunt work
- **Cost:** \$485 (*Ground transportation, lodging, and most meals are included*)
**Does not include flights to Vermont or a few meals out during the week*

Why We're Going

As we continue our connection with NETS, we are excited to partner with them for a men's work trip this summer. NETS helps plant churches all over the Northeast, including the Bass family from Parkway Hills in the near future. This summer they continue to need help with their church planting facility. We desire to take a group of guys to do some basic work on their facility and possibly in connection with some of the local church plants. No specific skills are needed, but if you are handy and enjoy working outside, this is the perfect trip. This trip is also open to fathers and sons who are at least middle schoolers or older. If you have questions, contact Lance Crowell or Ed Gardner.
